

I have been an XM Radio subscriber since its creation, and have found it to be one of those things in life you cant believe how it was such a great Idea took so long to become a reality. XM Radio continues to improve its programming to fit every choice of Music , Talk , News , Sports and now Traffic and Weather, My wife and I travel a great deal and only because of XM radio we are able to listen to our programming choices no matter where we go ,Traffic and Weather reports also play a role in our daily trip planning while away on travel ,to keep us from Bad Weather Travel and Traffic Jams . We gladly pay for this wonderful service because this programming is not available elesewhere and provides us Quality Broadcasting nomatter where we GO. I strongly urge you to Reject NABS Petition 04-160 and support XMS ability to provide the kind of Programming We as Subscribers demand and Deserve
